

Doncaster Masters' Athletics Venue Best Performances

Current as of January 2022

Rules for inclusion in the Venue Best Performances List.

1. The event must be run at the Doncaster track unless track unavailable.
2. The event must be run by VMA Doncaster as part of normal weekly venue meeting.
3. A minimum of two timekeepers are required. All times recorded on results sheet.
4. The individual must be a current paid up member of VMA.
5. The time will be included in the age group based on the age of the runner at the date the performance was set.
6. Runners are required to send an advice of a new venue best performance to the Doncaster Venue Secretary. Information required is name, age, event, time and date and names of two timekeepers.
7. Historic performances have been collated from documents held by Doncaster Venue (either VMA or VVA) and "Around The Grounds".
8. These are the best recorded performances for an age group event at a Doncaster Masters' venue meeting, but are not strictly speaking 'records' as the venue does not have electronic timing nor wind meters and voluntary timekeepers whose judging and timekeeping abilities will vary.

Age graded percentages are as follows -

100% = Approximate World Record Level

90-99% = World Class

80-89% = National Class

70-79% = Regional Class

60-69% = Local Class

Percentages based on WMA factors tables as of 2006. Note not all distances in these performances are covered in the WMA tables thus they maybe derived by formulas from standard distances.

Performances highlighted in red indicate best age graded performance for that event across all age groups.
